Located in the heart of Vancouver's bustling medical community, the Diagnostic Accreditation Program of British Columbia is the Provincial accrediting body for diagnostic health care facilities and programs. Our mission is to promote excellence in diagnostic health care.

Manager Surveyor Operations

As the Manager of Surveyor Operations, you will utilize your exceptional organizational skills to recruit, retain, evaluate, and coordinate surveyors. Acting as the face of the organization, you are comfortable making presentations and providing training and education to the surveyors. Demonstrating outstanding interpersonal skills, you confidently navigate within the complex health care system. In a fast paced environment, you handle stressful situations with calm self assurance and have a proven track record for meeting deadlines. Your creative, innovative, and flexible approach works perfectly within a team oriented setting.

The ideal candidate has a degree from a post-secondary institution in a health related discipline and/or five years of experience preferably in health care, education, or sales.

Compensation is \$70,000 to \$75,000, commensurate with work history and knowledge, plus benefits.

If you are interested in exploring this opportunity further, please submit a resume, by no later than July 10th to: Rachael Maxcy, Human Resource Specialist, BCHS Ltd. Email resumes@bchs.bc.ca.
